\* Must be used at time of sign-up by new students only. Cannot be combined with other discounts or coupons. Not applicable to coaching fees.

This offer is only valid for current, active members of the U.S. Military, police, firefighters and their immediate families (spouses or dependent children). Proof of such employment must be presented to receive this discount. \$10 off each month of private lessons, normally consisting of four 30 or 60 minute private sessions, paid for per month or bands (normally 4 month hourly group sessions), both paid in advance. Lessons subject to availability and compatibility of schedules. Prospective students unable to schedule a time will be placed on a waiting list. All classes are subject to the normal conditions of taking lessons. These are the only strings attached, I believe.

**Promethean Studios is the premier location in the Metroplex for lessons and bands, at prices 20 to 40 percent less than comparable quality instruction.** We offer beginner through professional level lessons and bands, for all ages, in all styles of music.
