PROMETHEAN STUDIOS: THE PLACE FOR MUSIC™

Congratulations!! You've been given a gift of music lessons or band sessions at **Promethean Studios**, the premier location in the Metroplex for lessons and bands. We offer beginner through professional level lessons and bands, for all ages, in all styles of music.

LESSONS: With us you'll have a great teacher with a great program. With great instructors and learning techniques students grow at an accelerated rate, cutting their learning time dramatically. In our studios, you will have a personable player as a teacher, who crafts our program to enable you to play or sing the music you like, not the music your teacher likes. Our teachers have observed over 100 student lessons, they have learned and follow the Promethean curriculum for their instruments, and have played an average of 15 years. Promethean teachers are career musicians; they're dedicated players and singers skilled in their art, who understand what it feels like to want to make music. Our methods teach people to become great while having a blast. Our students become musicians and players or singers who like what they're doing, not just people who take lessons. And they get to play and sing the songs they love while still learning correct techniques. You'll get to do that, and it'll be great!!

BANDS: In our bands you'll be with 3 to 9 other musicians that play music you love with other people your age, like yourself, and with a teacher to lead, supervise, and critique. You'll play cool songs, maybe get a chance to improvise or write a song with the group. Your band will meet once a week for 4 months and culminate in a live performance which will be recorded and you'll get a CD. All instruments are welcome, not just ones we teach!! Styles of bands:

Country Jazz **Classic Rock** Classical Modern Rock **R & B** Praise & Worship **Blues METAL**

*Must be used at time of sign-up by new students only. Lessons subject to availability and compatibility of schedules. Prospective students unable to schedule a time will be placed on a waiting list. All lessons are subject to the normal conditions of taking lessons. These are the only strings attached, I believe.

Promethean Studios: Have fun, Be awesome

Lessons must begin by April 15, 2020
